Dallas 19, Texas

Dear Mr. Smith:

Enclosed you will find the photographs and biographical data in connection with General Cabell's planned speech in Dallas on 31 March.

I shall be grateful if you will write as your plans become firm and give me the names of the other civic groups who will be joining your organization for the luncheon meeting which General Cabell will address. We should like to know the name of the hotel where the meeting will be held, some idea of the expected size of the audience, and any other details which you think will help us make this a smooth and worthwhile occasion.

For our part, I shall advise you of General Cabell's precise travel plans to Dallas. Should you have any further queries, please do not hesitate to get in touch with me.

Sincerely,
